

Isaiah 58

Father God, the Charlie and Fran Lewis Family, descendants and heirs declare our allegiance and passion for your Word. We will shout with a loud voice and proclaim your goodness and tell everyone of your worthiness to be praised continually.

We commit our lives to obey your Word and follow your instructions. We work to free those who are wrongly imprisoned, we lighten the burdens of those who work with us in the fields of labor you have given us, we secure freedom from those who are oppressed by the Kingdom of Darkness, we remove the chains that bind humanity, we share the food from our table with those who are hungry, we provide shelter to those who are homeless. We give clothing to those in need, and we do not hide from our relatives who are in need.

Because we obey your commands and walk in your ways, our salvation is as dependable as the dawn,

and our salvation is sure and trustworthy. Our wounds heal quickly Lord. You Father God have given us godliness to lead us forward, and your glory protects us from behind.

When we call out to you Lord, You answer quickly and You declare that you are always present to hear and to answer our petitions and our requests quickly and laviously.

Your light Holy Spirit God shines brightly out of our spirits into the darkness around us and darkness becomes as bright as the noon sun. You Holy Spirit God guide us continually, You saturate us with water when we are dry, and You abundantly restore our strength. We are like well watered gardens and ever-flowing springs; we rebuild the deserted ruins of our cities, and rebuild the walls of our cities for protection and we restore the homes that have been battered and torn by the deceits of the defeated Satan.

We maintain our relationship with You Father through continual fellowship, we spend time with You Father, You are our delight and our heart's desire. We live and walk and have our being in the wonderful inheritance you have graciously provided to us through relationship, and you bring great honor to us Lord God.

We declare with a loud voice your goodness, we shout about your faithfulness and your mercy. We loudly shout praises to Your name.

You are the true and living God, the only wise God our Father. There is no other God.

Glory, Honor, Power, Dominion and Praises continually be to You, Now and Forever More.

Amen.
